

IABLE Train the Trainer Guidelines

The IABLE Train the Trainer program allows advocates in the disability community to become certified in IABLE through a training session. Individuals participating in the program are considered Trainees until they have attended an IABLE Training and passed a certification quiz.

Upon passing the certification quiz, individuals become Certified Trainers and have the capability, knowledge and resources necessary to present IABLE information to members in their community or organization. Certified Trainers will be provided with a variety of tools to assist them in these presentations. If an organization or large group is interested in the Train the Trainer program, a unique login must be established for each individual that is participating.

By participating in the IABLE Train the Trainer program, you are agreeing to:

1. Not receive any financial incentives to simply provide information on IABLE, unless approved by the State Treasurer's Office. You cannot:
 - a. Establish or help create IABLE accounts for a profit.
 - b. Charge admission fees to attend a presentation.
2. Not cobrand or edit IABLE materials, including the logo and presentation, without permission from the State Treasurer's Office.
 - a. Use and sharing of published IABLE materials is allowed.
3. Not share your access to the Certified Trainer portion of the website or share restricted materials with Trainees.
4. Recertify annually (or as required by the State Treasurer's Office in the event of major updates to the plan).
